

Welcome to Dempsey's!

We want to thank all of our loyal customers for the many years that you have supported us, and welcome our new "Dempsey's Virgins" who may be trying us for the first time. We want all of you to know that we love to cook, and that the owners are in the kitchen and in the dining rooms here every day making sure that we please you. We are in the happiness business, and strive to make the world a better place, one happy customer at a time.

Since 1996 (yes, it's been that long) we have been supporting local seafood providers and selling Louisiana products, because we have always felt that fresh and local is "Authentic Louisiana Cooking." We spend more on these local products, but we feel that it is important to the local economy to support our friends and neighbors. We buy the best, not the cheapest. And everybody knows that there is no better seafood in the world than what comes out of the Gulf of Mexico!

We are very happy to see a national trend moving the entire restaurant industry more toward our way of doing business. "Locally sourced" and "sustainable" are catchwords that are popping up all over menus and ads and we welcome it.

We have had our ups and downs over the years in this crazy business, and had to shut down our Jefferson Highway location that we really loved. We had a very loyal and large following there, but the condition of the building, the small parking lot, and the enormous rent burden were too much for us to handle. We are always looking for new locations and budding entrepreneurs to partner with to help us grow.

Thank you for choosing Dempsey's and enjoy your meal!
